

## The Indisputable Guide to SEO Success

Veteran SEO Expert, Scott Orth, brings you The Indisputable Guide to SEO Success as a get-to-the-point step by step guide to succeed in SEO. The methods are tried and true, using proven Google approved best-practices. Have you ever bought an instructional book that's hundreds of pages of instructions? Have you ever found yourself so overwhelmed you don't even know where to start? If so, did that book get put on a shelf and rarely (if ever) looked at? How about instead, you learn exactly what to do in a simple-to-follow, step-by-step process - in LESS THAN 30 PAGES? Yes there is a lot to SEO. But 75% of your SEO success will be in the foundation of how you structure your website. And THAT can be learned in less than an hour, and in under 30 pages of instructions! My methods have been proven over more than 16 years of testing and building success for clients of all types and sizes. And now, for what others have paid me \$3,000 - \$5,000 to teach them, you can learn in a simple guide-book. The goal is for you to understand the exact process to succeed in SEO in one short read and then to easily implement each process on your own, through my detailed examples within each step.
