

Black Fox in Thin Places

Both charming and harrowing, in this novel stories are told that coalesce into rights of passage, tests of mettle, and ultimately, the tale of a possible destiny, should the hero live to meet it! Perfectly balancing the charm of green meadows with the dread of haunted passages and the thrill and horror of battle, **BLACK FOX IN THIN PLACES** is a work of beauty and a tale for the ages. What becomes of an Irish girl who meets beings magical, witnesses ancient history played out before her, befriends ghosts and is shown a destiny to match the greatest of all Celtic heroes?
