

The Professional Scrum Masters Handbook (Professional Expertise Distilled)

Key Features Checklists, questions, and exercises to get you thinking (and acting) like a professional ScrumMaster Presented in a relaxed, jargon-free, personable style Full of ideas, tips, and anecdotes based on real-world experiences

Book Description A natural and difficult tension exists between a project team (supply) and its customer (demand); a professional ScrumMaster relaxes this tension using the Scrum framework so that the team arrives at the best possible outcome. The Professional ScrumMasters Handbook is a practical, no-nonsense guide to helping you become an inspiring and effective ScrumMaster known for getting results. This book goes into great detail about why it seems like you're fighting traditional management culture every step of the way. You will explore the three roles of Scrum and how, working in harmony, they can deliver a product in the leanest way possible. You'll understand that even though there is no room for a project manager in Scrum, there are certain management aspects you should be familiar with to help you along the way. Getting a team to manage itself and take responsibility is no easy feat; this book will show you how to earn trust by displaying it and inspiring courage in a team every day. The Professional ScrumMasters Handbook will challenge you to dig deep within yourself to improve your mindset, practices, and values in order to build and support the very best agile teams. What you will learn

Create and maintain an impediment backlog to support continuous improvement for you, your team, and your organization

How to tell the difference between an obstacle and a true constraint

Create a culture transition map to help your team and organization deliver quickly and flexibly

Work through exercises to help co-workers and management discover for themselves a new way of approaching tasks

Align your

actions to the Scrum values every dayFacilitate lean meetings - light and quick, yet effectiveAbout the AuthorStacia Viscardi is an Agile coach, Certified Scrum Trainer, and organizational transformation expert, devoted to creating energized and excited teams that delight their customers and inspire others. With humble beginnings in Port Arthur, Texas, Stacia found her niche as a Manufacturing Project Manager in the early nineties; she landed in the technology world in 1999 and never looked back. In 2003 she became the sixty-second Certified ScrumMaster (there are now over 200,000!), and founded AgileEvolution in 2006. She has helped companies such as Cisco Systems, Martha Stewart Living, Primavera, DoubleClick, Google, Razorfish, MyPublisher, Washington Post, and many others find their way to agility. Co-author of the Software Project Managers Bridge to Agility, Stacia has taught Agile in 17 countries and is active in the ScrumAlliance as a CST and trusted community advisor.
