

## The Shadow of the Unicorn: The Legacy

A loud, hissing sound filled the air. The unicorns looked up, their eyes filled with horror. Azaria, a unicorn colt, is intrigued when the young clairvoyant dinosaur, Darius, foresees a terrifying change in the world. When a giant fireball smashes into the earth, the unicorns struggle to survive the hurricanes and starvation that follow. Danger of a more sinister nature threatens when the creatures-that-walk-on-two-legs settle in the valley and their leader, Ishmael, discovers the healing power of the unicorns horns. Azaria, now a young stallion, must use his wits to save the herd from complete extinction.
