

Gender and Social Life

This engaging collection of readings presents a wide variety of ideas about how gender structures our feelings and our expectations about ourselves and others, how gender influences the choices we make, and what opportunities are available to us. Organized around eleven topics and containing 39 readings, the selections represent a variety of sources, scholarly articles, a short story, journalistic accounts, and personal narratives. They are representative of many different theoretical perspectives as well. The accompanying workbook and data disk give readers the opportunity to test their assumptions about gender and racial differences. For anyone interested in the sociology of gender.
