

## Tale Of Little Pig Robinson,The (BP 1-23)

It's been 110 years since Frederick Warne published Beatrix Potter's very first book, *The Tale of Peter Rabbit*, and in celebration, we are delighted to be publishing special editions of her entire body of work. Unlike the traditional little white books, these editions have delightful colourful covers and specially designed endpapers. And to make them extra special, we have included a publisher's note to tell you all about the history of how each book came to be. The setting of *The Tale of Little Pig Robinson* is based on various English seaside towns where Beatrix Potter spent holidays when she was young. It tells the charming story of an adventurous pig who sets off on an incredible voyage aboard the *Pound of Candles*. *The Tale of Little Pig Robinson* is number 19 in Beatrix Potter's series of twenty-three little books.
