

The Wavering Werewolf: A Monsterrific Tale (Monsterrific Tales)

Acclaimed author David Lubar's monsters series returns to life with this new edition of *The Wavering Werewolf* that is sure to appeal to fans of his *Weenies* short story collections. There's something strange going on at Washington Irving Elementary School. Kids are turning into monsters—literally! It happened to his best friend, Sebastian. Then to Sebastian's sister, Angie. How many kids can get monsterized in one neighborhood? Norman finds out for himself after he takes a walk in the woods and ends up turning into an overly fuzzy kid with a habit of howling at the moon. There is a way for Norman to get back to normal. But there are two problems: He kind of likes being a wolf, and there are only a few more days until the next full moon.
