

Times of Tension: The Isaiah Cooley Story

Times of Tension is an action and drama filled book about perseverance through the life of a young African American teen, Isaiah Cooley, who because of his gang affiliation, is forced to leave everything he has ever known behind. The hood life has finally over shadowed his potential on and off the football field and because of the love of his family and community, he has been thrown into a very different and new world. He must now learn to respect and embrace a different culture before it also ends his football career. With a fierce Head Football Coach, Isaiah is forced to make a choice of giving up the game that he loves or to go see the school counselor for personal guidance so that he can resolve or work on his personal demons. Isaiah has a lot to lose and a lot yet to prove so he chooses to go through the counseling process only to find that he can count on others to help him through his challenges. In the end, Isaiah takes on an emotional ride as he perseveres through all of the obstacles that come his way and becomes the great football star that he always dreamed of becoming with the help of friends, family and community.
