

A Childrens Guide To Rabbits with Radar and Jupiter: and Their Capilano Back Yard Adventures

Angelina Sommer makes information about pet rabbits understandable for children, and in a way they can easily follow. She teaches them, a step-by-step guide, how to look after rabbits in their own back yards-- from shelter to food to playtime, and everything in between. Later in the book Angelina takes her reader on an adventure with her two rabbits, Radar and Jupiter. They are smart, adorable and full of fun! When researching rabbits, she found the available information in books and online difficult to understand. With this book, she simplifies yet gives accurate information on the subject of rabbit care for children. Simple, informative and a joy to read. Angelina nails the abcs of owning rabbits.
