

Transformers: Dark of the Moon: Foundation Volume 2 (Transformers: Dark of the Moon Movie Prequel) (Transformers: Dark of the Moon: Foundations)

War rages on Cybertron, and Optimus Prime has one goal: kill Megatron at any cost! But how far will the Autobot leader go -- and what led these two former friends down the road of hate? From the Publisher: Bring your young readers background on the Autobots and Decepticons waging their battle in the Dark of the Moon. In Foundation, Optimus Prime crosses Cybertron with one goal in mind: to kill Megatron. But what led to this? Once, they were close friends -- brothers under the mentorship of Sentinel Prime, aiding him in unifying Cybertron with the life-giving AllSpark and restoring the world to glory. But as the new sun set for the first time, Sentinel Prime told Optimus a secret... and that secret would change everything.
