

Tutankhamens Tomb: Uncover the Secrets and Treasures of Ancient Egypt

Combining words and unusual illustrations that incorporate pop-ups, pull tabs, wheels, and flaps, this book tells the dramatic story of archaeologist Howard Carter and his amazing journey to Egypt that culminated with his discovery in 1923 of Tutankhamens tomb. This beautifully illustrated volume features stunning color photos of objects discovered in Tutankhamens tomb, as it takes boys and girls along on a virtual archaeological dig. They explore the boy pharaohs tomb and gain insights into the ancient Egyptian civilization, with emphasis on the Egyptians particular form of belief in an afterlife. Die-cut holes in the books pages are part of an ingenious design in which a model of Tutankhamens sarcophagus literally pops up when the book is opened. And a sliding door on the front covers tomb illustration can be moved back to reveal an illustration of the mummy. The books lively narrative style includes excerpts from Howard Carters diary and brings his adventure fully alive. Here is a beautifully designed book that is every bit as much fun as it is educational.
