Ten-year-old Sam is spending the summer in the middle of Nevada, working at the remote Lonesome Cafe. And the Help Wanted sign in the window brings some very strange visitors--Bigfoot, Elvis, a jolly fat man from the North Pole, and a young girl and her dog who blow in on a tornado from Kansas. And then theres the spaceship that crashes nearby and its little green passenger. . . . Sam is kept busy distracting the nosy TV news team so they dont discover the identities of the odd visitors, but its not easy. Come along for a visit to the Lonesome Cafe--its the place to be.
