

## Goody Two-Shoes

Meet the Boyd twins — geeks before the word was even invented. Astronauts are skipping across the moon. Typewriters are clattering across the country. It's 1971. And in the quiet town of Wheaton, New Jersey, a sudden spate of mayhem has flushed Jacqueline and Benjamin Boyd out of their young, straight-laced comfort zone. For starters, the twins' former babysitter, Terri Fowler, has returned home after a three-year absence, taking a job modeling for a local art class, where she will pose naked in front of the Boyd twins. Shortly thereafter, Jacqueline stands idly by as her eighth-grade classmate, Sarah Harper, orchestrates a plan to escape the predatory hands of her chemistry tutor. And Jacqueline and Benjamin both gradually realize that the reason teenage slacker Marshall Boyle is seeking revenge against his bloodless father is more disquieting than their pristine countenance allows them to imagine. A survey of adult ambitions eclipsing youthful desire, the eight connected stories of *Goody Two-Shoes* explore a simpler time that turns out to be as perilous and complex as our own. (Note: Suitable for ages 21 and above.)
