

Kundalini: Questions and Answers

According to Gopi Krishna, humanity has now reached a critical stage in its evolution where those who are concerned with its well-being spiritual or temporal need to be aware of the still-unknown laws governing this process. In this book, he answers many basic questions about Kundalini, the super-intelligent agency in our bodies that is guiding our evolution to a higher dimension of consciousness. He also answers many profound questions about our spiritual nature, and describes the way that the existence of this amazing, super-intelligent principle in us can be verified.
